Yumi Lashes (55 mins) €55

Yumi Lashes is an advanced technique designed to boost and lift the lash without having to resort to false lashes. In other words, it is a powerful alternative to false lashes that enhances your own natural beauty and colouring.

The Yumi Lashes effect lasts between 8 and 12 weeks, which is the natural lifecycle of an eyelash, so it is ideal for brides and bridal parties or simply for people who don't like wearing false eyelashes. Instead of doing the traditional perm that simply curves your lashes, Yumi Lashes turns the eyelashes upwards, giving them length, height and volume, and an appearance of having longer and thicker lashes.

Waxing, tinting and tanning needs to be patch tested 24 hours prior to appointment.
